Fruit Tree Stocks French Grown

We wish to call special attention to the fact that these goods are sold net at Shenandoah. We take all the risks of transportation and pay all charges from France to this place. This is a very important point for customers to remember. Sometimes there is quite a loss in these long shipments, but this does not affect the customers, as we open the boxes and grade out the damaged seedlings and guarantee our stock to be in good condition when it is delivered to the forwarding agent at Shenandoah. A government inspector is also stationed at Shenandoah most of the winter and he inspects all imported stocks.
